CTEK APPOINTS TWO NEW BOARD DIRECTORS

CTEK Sweden AB, the leading global brand in vehicle charging solutions, has today announced the appointment of Pernilla Walfridsson and Jessica Sandström to its Board of Directors.

Pernilla Walfridsson is an experienced company Board member and Chief Financial Officer (CFO). Currently working for Nobina, the Nordic region's largest public transport operator, Pernilla brings significant strategic & operational financial leadership experience across many sectors including green tech and consumer retail.

Jessica Sandström has two decades of product strategy, commercialization and management experience within the automotive sector. For the last 10 years, Jessica has been driving the development of e-mobility products and solutions and has a proven track record of commercial and product development success.

"As we see our business continue to grow, and our customer base diversify, it is important for us to have a globally experienced and diverse Board of Directors who can help CTEK to maintain our market-leading position and meet our ambitious growth targets." said Hans Stråberg - Chairman of the Board of Directors of CTEK.

"We are delighted to welcome Pernilla and Jessica to our Board of Directors, bringing with them expertise from the forefront of the technology, green-tech, financial, automotive and E-mobility industries. Together with management, our Board of Directors will be instrumental in supporting the business to meet our rapid growth and expansion plans, whilst ensuring that we retain our strong commitment to our customers. "

ABOUT CTEK

Established in Dalarna Sweden, CTEK is the leading global brand in battery charging solutions, most specifically vehicle charging. CTEK offers products ranging from 12V & 24V battery chargers to charging solutions for electrical vehicles.

Products are sold via a carefully selected network of global distributors and retailers, as original equipment, supplied to more than 50 of the world's leading vehicle manufacturers and through charge point operators, property owners as well as other organisations and individuals providing EV charging infrastructure.

CTEK takes pride in its unique culture based on a passion for innovation and a deep commitment to supporting the transition to a greener mobility, by adhering to industry leading ESG standards.
